SHELVING & RACKING SYSTEMS

COMPANY **PROFILE**

CREATIVE RACKING SYSTEMS

www.technometalegypt.com

Who we are ?

Techno metal is the market leader in Egypt for the local design, manufacture and installation of bespoke commercial storage systems.

Established in 2004, our industry expertise means we can bring a wealth of experience to your project. Our design and technical teams will work with you to refine your vision to ensure that your completed project meets your exact needs.

Techno metal offers full in-house CAD-CAM design and production to meet the needs of the most challenging projects.

What we do ?

Our designed storage systems are perfect for use in a wide variety of industries including

- FMCG sector
- Manufacturing storage
- Warehouses
- Pharmaceutical sector
- Archival storage
- Banks & Administration Sector
- Medical Sector
- Schools & Universities
- Hotels & Clubs
- Museums

All the above sectors have benefited from our secure storage systems and the additional space that our solutions can provide

Our vision

Enlarging our market share in Egypt beside existing strongly in Africa and GCC

Our Mission

Participating in the mega projects and providing the best storage solutions to facilitate the success for our clients

Our Core Values

At techno-metal we believe that the time invested with our clients and the attention to details at the design stage mean more accurate process at the manufacturing and installation stage

We always paid special attention to the quality of our products by using the most developed applications in design and latest technologies in manufacturing processes

We believe that our company is ideally suited for solving your storage challenge

INNOVATION

Our Teamwork

We are not a team because we work together but we are a team because we respect, trust & care for each other

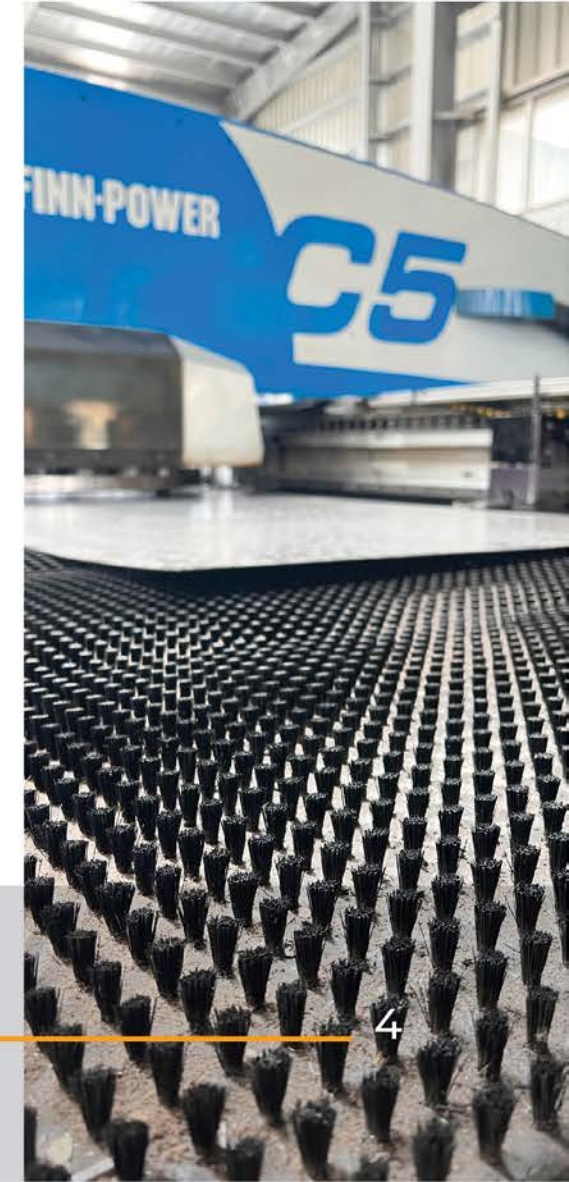

Welcome to our team

“ We make complete projects study by our efficient engineers to provide the perfect storage solutions ”

Our Factory & Machines

Our factories depend on modern machines and keep pace with technological development to manufacture the best product with the best quality

Our Products

Our precision manufactured products range includes

Pallet racking

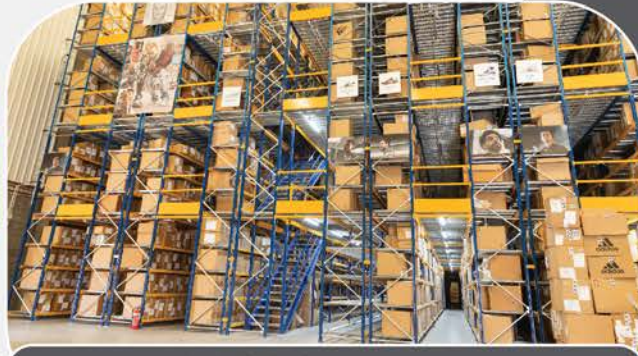

Gravity system

Drive In system

Pallet Shuttle system

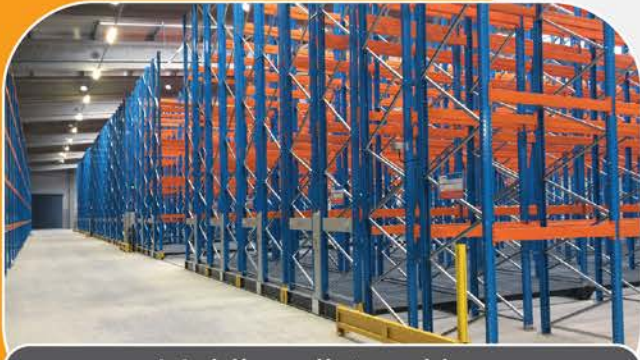

Multi-tier system

Cantilever racking system

Our Products

Mobile pallet racking

Self support (Rack-support building)

Automated vertical storage

Mobile shelving

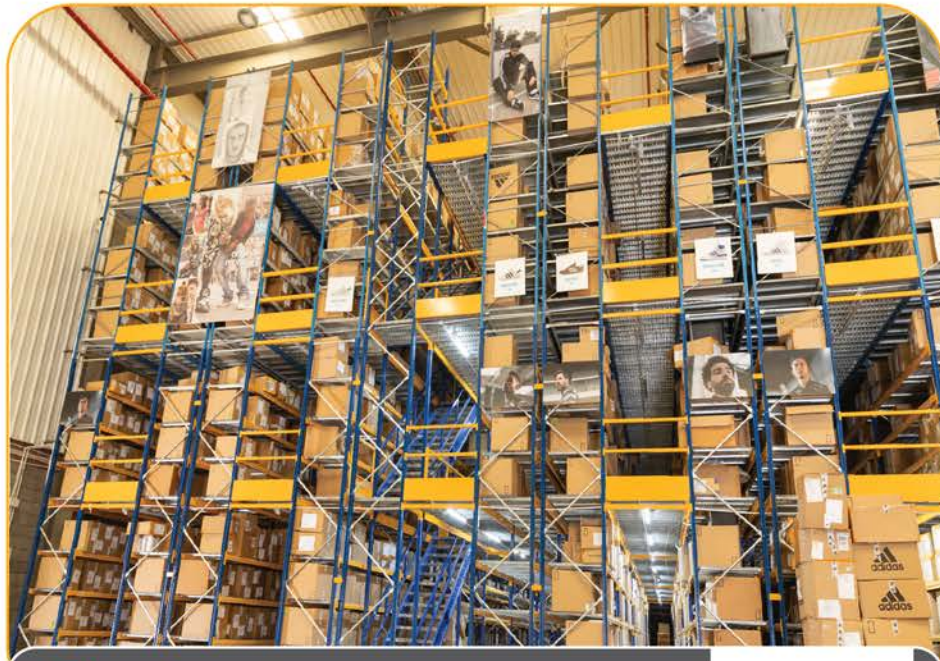

Shelving units

Lockers

Some of Our Projects

Client : DSV
System : Multi-tier system
Capacity : 40,000 Boxes

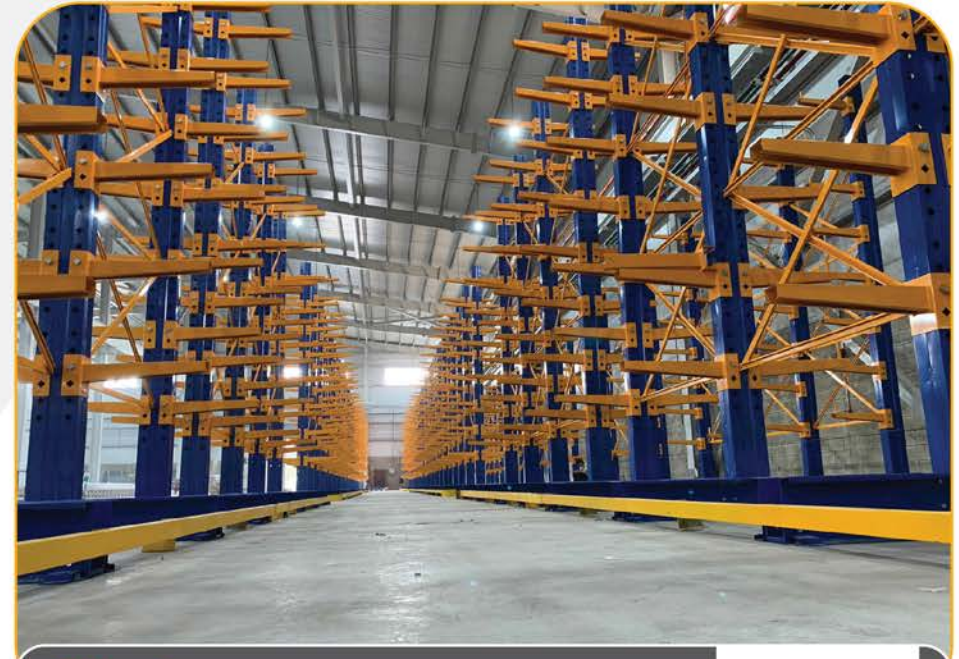

Client : ARMA
System : Pallet Shuttle system
Capacity : 44000 P.P

Some of Our Projects

Client : PETROJET
System : Mobile Shelving
Capacity : 21240 files

Client : ALUMIL
System : Cantilever system
Capacity : 2520 mmt

Some of Our Projects

Client : EGIC
System : Pallet Rack (VNA)
Capacity : 12000 P.P

Client : Shnieder
System : Pallet Rack system
Capacity : 2048 P.P

Some of Our Projects

Client : noon
System : Long Span

Client : Fourtex
System : Gravity system
Capacity : 424 P.P

Our Accredited Certificates

We are proud to be certified in quality management system ISO 9001, Environmental management system ISO 14001 and health and safety environment ISO18001.
